Driving is a skill. Whether you’re maneuvering through downtown or rolling down the open road, you know what it takes to be in control. Inspired by successful Goodyear® tires and technology, Dunlop is the brand that helps deliver proven performance, including traction, handling and tread life. Get your Dunlop tires and get driving.

**WHY DUNLOP?**

Dunlop Commercial Truck Tires are an excellent value for fleets. Made with innovative technology, these tires offer great performance and long original tread life. Plus, the strong casings can be retreaded multiple times for many miles on the road. Dunlop Commercial Truck Tires are available in the most popular sizes and tread designs for commercial trucks and can be purchased at hundreds of convenient Authorized Dealers across the country. Dunlop also backs its tires with a Nationwide Limited Warranty, so you can feel confident in the tires you choose for your fleet.*

SP 384™ FM™

Fuel-Efficient Steer Tire With All-Position Capability.

• Fuel-Saving Compounds help promote energy efficiency as the tire rolls to enhance fuel economy.
• Five-Rib Construction helps provide uniform wear for long tire life.
• Pressure Distribution Groove helps promote even wear.
• Lateral Grooves and Rib Edge Sipes help enhance traction in wet, icy and snowy conditions.

LONG HAUL DRIVE

SP 464™

Tough Casing For Long Original Tread Life.

- 28/32" Tread Depth helps deliver many miles to removal.
- Solid Shoulder Ribs offer long, even wear.
- Four-Belt Construction helps enhance toughness and tire life.
- Penetration Protectors help resist cuts and punctures for enhanced toughness and long casing life.
- Three Deep, Wide Grooves help evacuate water for confident traction.

REGIONAL STEER

SP 348®

Regional Steer Tire.

- Deep Tread Depth helps provide more miles to removal.
- Stone Ejectors in grooves help provide cut and puncture resistance for enhanced toughness and longer casing life.
- Rugged Casing Design helps provide consistent footprint and even wear.
- Enhanced Shoulder Rib helps provide scrub resistance and protects against abrasions from curbing.

SP 160™

All-Position Tire With Steer Capability For Highway Applications.

- Steel-Belt Package offers toughness and retreadability.
- Fuel-Efficient Casing helps promote many miles per gallon.
- Enhanced Profile and Tread Radius help promote long mileage and even treadwear for low-cost operation.
- Hard-Rubber Bead Chafer helps resist rim abrasion and helps protect lower-bead components.

TIRE SIZES FOR HIGHWAY APPLICATIONS
**REGIONAL DRIVE**

**SP 461®**

Regional Drive Tire.

- Traction Block Tread Design helps provide high drive-wheel efficiency.
- More than 400 Molded Biting Edges in the tread enhance traction on wet roads.
- Tough Tread Compounds help resist excessive wear, chunking, cracking and chipping.
- Construction helps promote toughness and retreadability for consistent service.

**SP 431A™**

Regional Drive Tire For Highway Applications.

- Deep Lug Block Tread Design for the drive position.
- Precision-Angled Tread Elements help provide superb traction, low noise and even wear.
- Tie-Bar Reinforced Shoulder helps promote even wear and enhanced performance in both single- and twin-screw operations.
Regional All-Position Tire
For On- And Off-Road.

• Five-Rib Tread Design for excellent wet and dry traction.
• All-Steel Casing helps enhance toughness and retreadability.

MIXED-SERVICE ALL-POSITION

Mixed-Service All-Position Tire
For On- And Off-Road.

• Rugged Casing Construction enhances toughness and retreadability in heavy-duty, off-road applications.
• Deep 31/32” Tread with rugged lug configuration helps deliver traction in difficult terrain.
• Advanced Tread Compound helps resist cuts and chips for rugged off-road performance.
• Deep Undertread helps promote cool-running performance on the road.
• Steel-Belt Casing helps enhance retreadability.
**MIXED-SERVICE ALL-POSITION**

**SP 581™**

Mixed-Service All-Position Tire For On- And Off-Road.

- Sidewall Protector Ribs, Profile and Compound help resist sidewall scuffing, cuts and punctures.
- Tread Compound helps resist cuts and chips for enhanced retreadability.
- Sidewall and Bead are stabilized to run cool and promote long casing life.
- Tread Groove Stone Ejectors help prevent stone trapping and drilling to enhance casing toughness and retreadability.
- All-Position Tread Design helps enhance traction on and off the road.

**TUBELESS TIRES ON 15° DROP CENTER RIMS**
From emissions standards and hours of service regulations to escalating costs, managing your fleet is more complex than ever. Whether your fleet is large or small, Goodyear® Fleet HQ® can help by allowing you to access national programs and tools that help you with tires and tire-related services.

**The Tires You Want.**
You know which tires work best for your specific applications. Dealers in the Goodyear Fleet HQ network can provide them because they have access to the full line of Goodyear, Dunlop® and Kelly® commercial truck tires.

**The Services You Need.**
Goodyear Fleet HQ allows you to customize your program through your local Goodyear Fleet HQ Dealer.
- National pricing
- Centralized billing through your local Dealer
- Standardized processes
- Performance metrics and accountability
Receive services nationally, manage your program locally.

**The Information You Require.**
Employ decision-making tools used and refined by the most successful fleets.
- Tire purchase, retread and road service history
- Inventory management and work order tracking
- Cost of ownership and operation analysis
- Online information access
- And more
Goodyear Fleet HQ consolidates your information so you can make more informed business decisions.

**When And Where You Need It.**
Goodyear Fleet HQ links you with servicing Dealers who are committed to helping meet your needs.
- National network
- On- and off-highway
- 24-hour Goodyear Fleet HQ Solution Center
- 24/7/365 service
Helping with your tire and tire-related service needs anytime, anywhere.*

**Simplify Your Business.**
Goodyear Fleet HQ makes it simple to manage your fleet, not your tires. Whether your fleet is large or small, Dealers in the Goodyear Fleet HQ network are committed to helping your fleet succeed.

*Certain limitations may apply. See Dealer for complete details.
WHO IS ELIGIBLE FOR WARRANTY COVERAGE?
You are eligible for the benefits of this limited warranty if you meet all of the following criteria:

• You are the owner or authorized agent of the owner of new Dunlop medium radial truck tires.
• Your tires bear Department of Transportation (DOT) prescribed tire identification numbers and are not branded “NA” (Not Adjustable).
• Your Dunlop medium radial truck tires have been used only on the vehicle on which they were originally installed according to the vehicle manufacturer’s or Dunlop’s recommendations.
• Your tires were purchased on or after May 1, 2011.

WHAT IS A COMPARABLE TIRE?
A “comparable” new Dunlop medium radial tire may be either the same line of tire or, in the event that the same tire is not available, a tire of the same basic construction and quality with a different sidewall or tread configuration. If a higher priced tire is accepted as replacement, the difference in price will be at an additional charge to you.

WHAT IS COVERED AND FOR HOW LONG?
1. FREE TIRE REPLACEMENT – Dunlop medium radial truck tires covered by this warranty that become unserviceable due to a covered warranty condition during the first 2/32” (inch) treadwear or 12 months from date of purchase, whichever comes first, will be replaced with a comparable new Dunlop tire without charge. You pay only for the mounting and balancing. (Without proof of purchase, date of manufacture will be used to determine eligibility.)
2. PRORATED TIRE REPLACEMENT – Tires worn beyond the first 2/32” (inch) treadwear that become unserviceable due to a covered warranty condition will be replaced on a prorated basis. You are responsible for mounting, balancing, any additional services you order at the time of adjustment, as well as any taxes and government-mandated charges.

HOW WILL THE PRORATED CHARGES BE CALCULATED?
The replacement price will be calculated by multiplying the current Dunlop advertised selling price at the adjustment location by the percentage of usable original tread that has been worn off at the time of adjustment. You pay for mounting, balancing, an amount equal to the full current Federal Excise Tax (U.S. only), any other applicable taxes for the comparable new Dunlop replacement tire and any government-mandated charges.

EXAMPLE:
If your disabled tire had an original 16/32” (inch) of usable tread depth and is worn to 8/32” (inch) of usable tread, you have used 50% and therefore must pay 50% of the advertised selling price of a comparable tire, plus an amount equal to the full current Federal Excise Tax (U.S. only) applicable to the comparable new replacement tire at the time of adjustment. If the price of the comparable tire is $400.00, the cost to you would be $200.00, plus Federal Excise Tax (U.S. only), mounting, balancing, any other applicable taxes and government-mandated charges.

What is the premium radial medium truck tire casing provision?
Dunlop premium casings in sizes 11R22.5, 11R24.5, 285/75R24.5 or 295/75R22.5, will be warranted for covered conditions through the first retread for a period of six (6) years from the date of the casing DOT serial number or proof of purchase if available.
If retreaded by a Goodyear® Authorized Retreader, these premium casings will be warranted for covered conditions for an unlimited number of retreads for a period of six (6) years from the date of the casing DOT serial number or proof of purchase, if available.

Casing allowances are based on local currencies in the country where the adjustment takes place. Casing allowances are $100.00 for both the U.S. and Canada.

**WHAT IS THE RADIAL MEDIUM TRUCK TIRE CASING PROVISION?**

All other Dunlop medium radial truck tires will be warranted for covered conditions through the first retread for a period of four (4) years from the date of the casing DOT serial number or proof of purchase, if available.

If retreaded by a Goodyear Authorized Retreader, casings will be warranted for covered conditions for an unlimited number of retreads for a period of four (4) years from the date of the casing DOT serial number or proof of purchase, if available.

Casing values are based on the predetermined casing value at the time of adjustment. See your servicing dealer for these values.

**HOW DO YOU OBTAIN AN ADJUSTMENT?**

1. **A.** You must present the tire to be adjusted to an Authorized Dunlop Commercial Tire Retailer. Please consult your telephone directory for locations. Tires replaced on an adjustment basis become the property of The Goodyear Tire & Rubber Company or Goodyear Canada Inc.

2. **B.** You must pay for taxes or any additional service you order at the time of adjustment.

3. **C.** No claim will be recognized unless submitted on a Dunlop claim form (supplied by a Dunlop Commercial Tire Retailer) completely filled out and signed by you, the owner of the tire presented for adjustment, or your authorized agent.

**WHAT ARE YOUR LEGAL RIGHTS?**

This warranty gives you specific legal rights and you may also have other rights that vary from state to state and province to province.

**DISCLAIMER:** This WARRANTY IS IN LIEU OF, AND GOODYEAR/DUNLOP HEREBY DISCLAIMS, ANY AND ALL OTHER WARRANTIES AND REPRESENTATIONS, EXPRESS OR IMPLIED, INCLUDING WITHOUT LIMITATION ANY WARRANTY OF MERCHANTABILITY OR FITNESS FOR A PARTICULAR PURPOSE, AND NO OTHER WARRANTY OR REPRESENTATION OF ANY KIND IS MADE BY GOODYEAR/DUNLOP OR SHALL BE IMPLIED BY LAW.

LIMITATION OF DAMAGES: IN NO EVENT AND UNDER NO CIRCUMSTANCE SHALL GOODYEAR/DUNLOP BE LIABLE TO THE BUYER FOR ANY INDIRECT, SPECIAL, INCIDENTAL, CONSEQUENTIAL, LOST PROFIT, LOSS OF BUSINESS, LOSS OF GOODWILL OR REPUTATION, PUNITIVE OR OTHER DAMAGE, COST (INCLUDING FOR REPLACEMENT TRANSPORTATION), EXPENSE OR LOSS OF ANY KIND. SOME STATES AND PROVINCES DO NOT ALLOW THE EXCLUSION OR LIMITATION OF INCIDENTAL OR CONSEQUENTIAL DAMAGES, SO THE ABOVE LIMITATION OR EXCLUSION MAY NOT APPLY TO YOU.

**NOTE:** No Representative or Dealer has authority to make any representation, promise or agreement on behalf of Dunlop except as stated herein.

Any tire, no matter how well constructed, may fail in service or otherwise become unserviceable due to conditions beyond the control of the manufacturer. Under no circumstances is this warranty a representation that a tire failure cannot occur.

**SAFETY WARNING:**

**PROPERTY DAMAGE, SERIOUS INJURY OR DEATH MAY RESULT FROM:**

- **TIRE FAILURE DUE TO UNDERINFLATION/OVERLOADING/MISAPPLICATION.** Follow the vehicle owner’s manual or tire placard in vehicle.

- **TIRE FAILURE DUE TO IMPACT DAMAGE/IMPROPER MAINTENANCE.** Tires should be inspected regularly by a qualified technician for signs of damage, such as punctures or impacts.

- **TIRE FAILURE DUE TO IMPROPER REPAIRS.** See Rubber Manufacturers Association (RMA) established repair procedures at www.rma.org and/or go to www.goodyeartrucktires.com for information on proper repair procedures.

- **EXPLOSION OF TIRE/RIM ASSEMBLY DUE TO IMPROPER MOUNTING.** Only specially trained people should mount tires. When mounting tires, use a safety cage and clip-on extension air hose to inflate.

- **FAILURE TO MOUNT RADIAL TIRES ON APPROVED RIMS.**

- **FAILURE TO DEFLATE SINGLE OR DUAL ASSEMBLIES COMPLETELY BEFORE DEMOUNTING.**

- **TIRE SPINNING.** On slippery surfaces such as snow, mud, ice, etc., do not spin tires in excess of 35 mph (56 kph), as indicated on the speedometer.

- **EXCESSIVE WHEEL SPINNING.** This can also result in tire disintegration or axle failure.

**FOR SERVICE ASSISTANCE OR INFORMATION:**

1. First contact the nearest Authorized Dunlop Commercial Tire Retailer.

2. If additional assistance is required:

   - **In the U.S.,** write to –
     Dunlop Customer Assistance Center
     Department 728
     200 Innovation Way
     Akron, OH 44316

   - **In Canada,** write to –
     Dunlop Customer Assistance Center
     450 Kipling Avenue
     Toronto, Ont. M8Z 5E1
